Lincoln Corsair
Lincoln Navigator/L
Acura ZDX (Electric)
Volkswagen Atlas
Volkswagen ID.4 (Electric)

The vehicles listed above are made in Canada or the United States by members of Unifor or the UAW. Due to the highly integrated nature of vehicle production in both countries, vehicles listed as made in the United States include significant Unifor-made content and support the jobs of Unifor members. Both Unifor and the UAW support the purchase of union-made vehicles from either country. Vehicles marked with an asterisk (*) are also produced in Mexico.

When purchasing a vehicle marked with an asterisk check the Vehicle Identification Number (VIN) - a "2" identifies a Canadian made vehicle. A "1", "4" or "5" identifies a U.S. made vehicle. The number "3" identifies a vehicle that is made in Mexico.

Vehicles produced in Canada or the United States, and not listed above, are not union made.

What's in a VIN?

*The 2nd character denotes vehicle manufacturer.
The 3rd character varies by manufacturer and can represent vehicle type or division.
