JOINT MESSAGE TO ALL GENERAL MOTORS MEMBERS

SECURING A MADE IN CANADA FUTURE

If there is a lesson learned from 2020 Auto Talks, it is that the future of Canada’s auto sector is bright and on a clear forward path.

Thanks to the hard work and determination of the Unifor-GM Master Bargaining Committee, we are proud to present a new collective agreement that follows the economic pattern negotiated at both Ford and FCA. This agreement includes a 5 per cent increase to hourly wages, a 4 per cent lump sum payment in 2021, along with $11,250 in bonuses.

The deal makes major improvements to the New Hire Program, including an accelerated path to full rate, and returns key benefits like the Legal Services Plan and the afternoon (5%) and midnight (10%) shift premium.

Skilled trades workers will see their 20% wage differential restored, new apprentices hired, and the pre-apprenticeship program re-instated for future hires. The new agreement also includes significant improvements to the benefits plan, modest (but still important) pension improvements, along with health and safety gains, retirement allowances and equity gains including 10 days of paid domestic violence leave and a new Racial Justice Advocate.

Along with these contractual improvements are commitments by the company to maintain and expand work at current Unifor facilities. GM will continue V6 engine and 6-speed transmission production over the life of the contract, and forecasted beyond.

Also, in a stand-alone letter GM has committed to explore new potential product programs and investment opportunities for St. Catharines, with input from them union.

St. Catharines is well regarded as a leader in the GM powertrain division and will receive $109 million to in-source new transmission work for the Corvette, adding jobs, and make upgrades to the small block V8 engine program. GM will continue V6 engine and 6-speed transmission production over the life of the contract, and further commits to seek out new programs that sustain the facility over the long term.

The Woodstock PDC will receive $500,000 in additional upgrades. Aftermarket parts work at Oshawa will also continue, maintaining hundreds of jobs.

In addition, and pending ratification, GM has committed to invest up to $1.3 billion to restart pickup truck assembly at the Oshawa Assembly Complex, with an expected two-shift operation in the first half of 2022 (and the potential for a third).
It was two years ago, this month, that GM shocked the country by announcing the end of vehicle production in Oshawa. Its return is in many respects, a defining moment for Unifor. It validates the high skill and hard work our members bring to the job every day. It vindicates our extraordinary efforts to show GM that they made the wrong decision in 2018. It reminds us that fighting back always makes a difference.

This investment, with an anticipated increase of 1,700 workers, will breathe life back into the Durham Region and strategically position Oshawa as the only GM site in North America to produce both light-duty and heavy-duty trucks. Best yet, St. Catharines will supply all gas engines for those light duty trucks.

This year's negotiations with Ford, FCA and now GM has been historic. Through our solidarity, our efforts will direct investments of nearly $5 billion into Canada, adding nearly 4,000 direct jobs and securing tens of thousands more.

Most importantly, through bargaining, Unifor has proven that nothing is inevitable. That when we set goals, we can meet them. That when governments and stakeholders work together, good things happen. That good jobs and environmental sustainability go hand-in-hand.

Our union has proven that there is a future for the auto industry, and that future is ‘Made in Canada.’ We join the Master and Local Bargaining Committees in recommending this tentative agreement for your ratification.

In solidarity,

Jerry Dias

ECONOMIC SUMMARY

TEMPORARY PART-TIME

Temporary part-time workers will receive the following increases and changes:

• **$500** Productivity and Quality Bonus upon ratification.
• Pay rate adjusted to 65% of the full base rate.
• Wage adjustments in line with all negotiated general wage increases.

INFLATION PROTECTION BONUS: 2 X $2,000

A lump sum bonus of **$2,000** will be paid to each employee prior to the Christmas Holiday period in the following months: December 2021, December 2022.

This bonus is available to active and inactive members, including those who retired, and who performed work for the company in the respective payment year.

Employees hired on or after the effective date of the agreement will receive a prorated bonus in his or her first year of employment starting with the month following hire date.

The company will provide an option for employees to have payment of the bonus directed to an RRSP.

PRODUCTIVITY AND QUALITY BONUS: $7,250

Unifor has negotiated a Productivity and Quality Bonus. Active employees and members on the inactive roll who performed work for the company between January 2, 2020 and the Monday following the notice of ratification will receive a one-time **$7,250** Productivity and Quality Bonus, including those who retired prior to ratification (this excludes TPTs).

Employees who retired in 2020 and accepted a retirement incentive package of **$40,000** in St. Catharines or Woodstock are eligible for a **$3,625** Bonus.

Oshawa employees who retired with an enhanced retirement allowance are ineligible for the Bonus.

The company will provide an option for employees to have payment of the Bonus directed to an RRSP.

Payment will be made December 17, 2020.

UNIFOR • GENERAL MOTORS
A critical priority in 2020 negotiations was to improve the New Hire Program for current members and future hires.

**ENHANCING THE WAGE PROGRESSION**

The New Hire Wage Progression has been improved in substantial ways:

- The grid has been shortened to 8 years.
- The base percentages in the grid have been improved at every step. For example, a new hire will earn 65% of the full base rate. Previously, the percentage was 61.25% of the 2012 base rate.
- The catch-up year has been eliminated.
- Members will now receive the full base rate upon completion of their 8th year of seniority.

INVESTMENT AND PRODUCT COMMITMENTS

GENERAL MOTORS OF CANADA PRODUCT AND INVESTMENT COMMITMENT LETTER

General Motors of Canada Company remains committed to continuous improvement of our products and facilities, including through a collaborative and creative approach to solving business challenges together with Unifor. Therefore, during the term of this agreement, the investments described below underscore GM’s commitment to our customers and employees; and are conditional on stable demand, business and market conditions; the ability to continue producing profitably; and the full execution of GMS.

TOTAL INVESTMENT OF C$1.1 BILLION–C$1.4 BILLION

ST. CATHARINES PROPULSION PLANT: TOTAL INVESTMENT OF C$109 MILLION

Capital investments to support a Transmission Supplemental Capacity Agreement:

- Equipment installation, facility modification, logistics support and vendor tooling to support the manufacture of a new transmission and variants supplementing an existing supply arrangement for vehicles in a critical market segment.
- Start of production targeted for Quarter 1, 2021.
- Continued production until the development of full manufacturing capability at the existing supplier.

Capital investments for facilities, tools, and M&E to support existing production:

**GEN V Engines**

- Equipment refurbishment to support engine production.
- Single source of gasoline V8 engines for light duty truck production at Oshawa.
- Forecasted production for the duration of the collective agreement.

**HFV6**

- Equipment refurbishment to extend the life of the current engine module.
- Forecasted production for the duration of the collective agreement.

**GF6 Transmission**

- Forecasted production for the duration of the collective agreement.

Building sustainment including fire and safety protection.

In addition, the Company confirms that based on past operating performance, the St. Catharines Propulsion Plant is well positioned to be considered for future product allocation and commits to explore and consider potential product programs and investment opportunities for the facility.

OSHAWA ASSEMBLY COMPLEX: TOTAL INVESTMENT OF C$1.0 BILLION–C$1.3 BILLION

Contingent upon the securing of incentive funding from the Canadian Federal and Ontario Provincial governments, for the resumption of vehicle assembly at the Oshawa Assembly Complex as follows:

- Capital investments for facilities, tools, M&E and supplier tooling to support the implementation of a new flexible assembly module for the production of Heavy Duty and Light Duty (T1XX) pickup trucks.
- Start of production targeted for January 2022 at a single shift.
- Plans to implement a second shift also targeted for the first half of 2022.
- Anticipated headcount of approximately 700 employees per shift with the total headcount of between 1,400 and 1,700 (subject to two shift operation and exact JPH).
- Vehicle assembly currently forecasted to continue for the duration of the collective agreement.

WOODSTOCK PARTS DISTRIBUTION CENTRE: TOTAL INVESTMENT OF C$0.5 MILLION

General Motors commits $0.5 million for facility sustainment at the Woodstock Parts Distribution Centre.

These investments are contingent upon full acceptance of all elements contained within this Settlement Agreement. Investment figures listed are our current estimates and subject to refinement as business cases are finalized.

The parties understand that the expected conditions upon which these opportunities are based can change, potentially affecting the product allocation and/or employment levels. If any changes to the investments above are anticipated, the parties will discuss in advance.
INSURANCE

INSURANCE BENEFITS

On ratification, all life and disability program benefits increase for active employees based on the new hourly rates of pay.

RETIREE BONUS

Pre-1994 retirees and surviving spouses to receive a special one-time payment of $500.
PENSION BENEFITS

The terms of the current pension plans remain unchanged including the terms of the Hybrid Pension Plan. The lifetime pension and the 30-and-out Special Allowance and Supplement will continue in their current amounts.

LEGACY DEFINED BENEFIT (DB) PLAN
The DB Plan will be maintained at current levels for Basic, Special Allowance and Supplement under the Legacy DB and Hybrid DB pension plans.

DEFINED CONTRIBUTION (DC) PLAN
The union and company agreed to explore transferring DC plan members (anyone hired on or after November 7, 2016) to the College of Applied Arts & Technology (CAAT) new DBPlus plan. The CAAT DBPlus provides a lifetime DB pension including survivor benefits, indexation and early retirement options.

SKILLED TRADES

APPRENTICESHIPS
GM has committed to hiring up to 75 apprentices, between the Oshawa facility, St. Catharines Powertrain Plant and Woodstock Parts Distribution Centre. The split between the facilities will be determined by the requirements at each location and by the Master Apprenticeship Committee.

PRE-APPRENTICESHIP PROGRAM
Reinstated the pre-apprenticeship program for future apprentices.

SKILLED TRADES SPECIAL ADJUSTMENT
A two-step Skilled Trades special adjustment of $0.38 in years 1 and 3 will reinstate the 20% base wage differential.

SKILLED TRADES UNION EDUCATION PROGRAM
Funding has been secured to continue this valuable program.

RETIREMENT INCENTIVE
The company will provide a one-time $40,000 lump sum retirement incentive for up to 50 employees (40 in St. Catharines and 10 in Woodstock) in early 2021. The parties will meet to discuss implementation.

RESTRUCTURING PACKAGES
The company commits to making available retirement incentive packages during the life of the agreement consisting of a $60,000 lump sum (Non-Skilled Trades) and $70,000 lump sum (Skilled Trades) and a $20,000 vehicle voucher to mitigate the impact of indefinite layoffs that will not result in recall.
LEADERSHIP COVID-19 STATEMENT
The Company and the Union reflected on the collective journey taken to help ensure everyone’s safety at GM Canada facilities. Through dedication, collaboration and innovation, Unifor and GM Canada remain committed to address the continuing challenges posed by COVID-19.

ENHANCED WORKPLACE ENVIRONMENT REPRESENTATIVE TRAINING
The Company and the Union discussed the advantages of creating a Unifor Workplace Environmental Representative position and their positive impact in the workplace. Additional training will be offered to workplace environmental representatives related to the company’s Environmental Management System along with discussion and review of single use plastics and food waste.

UNIFOR INVOLVEMENT IN EMERGENCY PREPAREDNESS
The parties agreed that the local JHSC will participate in the evacuation planning discussions for their locations and provide recommendations for improvements.

PROMOTION OF CPR AED TRAINING
The parties recognized the contributions of CPR and AED (automated external defibrillator) to the survival rate of victims. As such, the parties will promote awareness and encourage participation in the volunteer program across the sites. Training will be offered at least once a year.

NEW EMERGING TECHNOLOGIES
The parties discussed emerging technologies like artificial intelligence, robotics, future technologies, the role of JHSCs and their understanding of applicable safety standards, regulations and required safety prevention controls prior to their implementation.

INDUSTRIAL HYGIENE
The parties reaffirmed the role of the workplace H&S representatives and the need to further their skills to prevent injuries and illnesses. During the life of the collective agreement, the JHSC and MJHSC members will receive enhanced training on provincial regulations, permissible exposure limits, hierarchy of controls, effective communication of sampling results and other topics as agreed to by the MJHSC.

PSYCHOLOGICAL HEALTH AND SAFETY
The Company and the Union discussed psychological health and safety including the CSA Z1003 Psychological Health and Safety in the Workplace Standard. During the term of the collective agreement, the MJHSC will review the Standard with the local JHSCs and discuss its application to local work practices and communications.

TRAUMA AND PTSD TRAINING FOR HEALTH AND SAFETY REPRESENTATIVES
MJHSC will investigate training on trauma and PTSD and other wellness-related subject matter.

SIT/STAND POSITIONS
The parties created opportunities for application of desktop sit/stand desks.

EXPANDED H&S COVERAGE
The parties recognized the value of replacing H&S representatives during absences to ensure full coverage.

ENHANCED ROLE OF ERGONOMIC REPRESENTATIVES
An Ergonomic representative will be included with MJHSC activity.

ANNUAL HEALTH, SAFETY, AND ERGONOMIC TRAINING
The parties recognized the value of H&S and Ergonomic representative training and its positive effect in the workplace. Procedures are now in place to ensure increased participation of additional representatives at the Annual Health and Safety/ Ergonomic Conference during the life of the collective agreement.

SAFETY SHOE ALLOWANCE
The annual safety shoe allowance increased to the following amounts:

- Production $125.00
- Skilled Trades $150.00
- TPTs after 30 shifts $125.00

Your Master Bargaining Committee and Local Bargaining Committees unanimously recommend this tentative agreement. We urge you to vote in favour.
**EQUITY**

To enhance the equity work undertaken by Unifor, gains were achieved in this round of negotiations, including:

**RACIAL JUSTICE**

Unifor and GM have agreed to develop an ambitious Anti-racism action plan, including the establishment of a new Racial Justice Advocate position.

This new Racial Justice Advocate will work through the Employment Equity rep and offer support to those who face anti-Black and anti-Indigenous discrimination.

Additionally, the parties agree to recognize March 21 – the International Day for the Elimination of Racial Discrimination – each year, to organize actions and a moment of reflection.

**DOMESTIC OR SEXUAL VIOLENCE LEAVE**

If a Unifor member is ineligible for S&A benefits, the company will provide up to 10 paid days of leave when an employee or an employee’s child has experienced or been threatened with domestic or sexual violence.

**EMPLOYMENT EQUITY MEETING**

In recognition of the importance of diversity and inclusion, the Company and Union have agreed to increase the frequency of the Employment Equity meeting to occur on an annual basis.

**BUSINESS AND NEW TECHNOLOGY MEETINGS**

**UNIFOR-GM BUSINESS REVIEW**

The Union and the Company will increase the frequency of the existing business review meetings from annually to quarterly. The parties agree to review company product plans and business forecasts, including on electric, autonomous, connected vehicle and component parts development.

**ADVANCED TECHNOLOGY COMMITTEE**

Unifor and GM have established an Advanced Technology Committee that will meet periodically throughout the calendar year. The parties will discuss company plans to implement new operational technology in Unifor facilities.

Given the potential overlapping nature of the Unifor-GM business review meetings and the Advanced Technology Committee, the parties will combine these meetings.

**OTHER PROVISIONS**

**CHILD CARE BENEFIT**

The Child Care Benefit is expanded to include coverage for for-profit regulated and registered daycare facilities. Increases are $4 (to $16) on the Full-Day benefit for ages 0-6, $3 (to $9) on the Half-Day and before/after school benefits, and $600 (to $3,000) on the annual maximum. If an eligible employee passes away while covered by this child care benefit, child care benefits will be provided to the surviving spouse and eligible dependents.

**SCHOLARSHIP PROGRAM**

Expanded to add coverage for certificate programs at accredited post-secondary schools in the United States and Canada. The program will also provide coverage for seniority employees hired on or after October 1, 2012 once completing the New Hire program.

**LEAVE ALLOWANCE**

Amend the duration of Family Medical Leave allowance (top up) to align with the duration of the Employment Insurance Benefit or as per the ESA whichever is longer.
