

RALLY

for Canadian jobs!

August 30, 12:30 PM | 151 Yonge St.
Yonge and Richmond (in front of Industry Canada's Toronto office)

Keep telecommunications jobs in Canada!

The Harper government is allowing US-based multinational Verizon Communications to take over our telecommunications network by selling them Canada's wireless spectrum.

This is not about cheaper or better cell phone service. It's about lining the pockets of Verizon executives at the expense of Canadian jobs, culture and security!

Join us at the rally.

Say no to foreign ownership of Canada's networks!
